to me

I believe this is now considered a records request--I spoke with John about this earlier today and she said to include you so that things could be redacted. Let me know what you'd need from me to proceed.

Thanks for following up Molly!

I'm interested in what the enrollment numbers generally look like for NHS vs JFK vs elementary, based on the Nov. 5th survey. How many students are staying remote vs how many will be attending hybrid once all Northampton schools are completely into the "hybrid phase".

Cheers,
